

NUMBER 9 IS FINE !!!

A very big thank you to every one involved with getting the Number 9 Bus Route up and running.

There has been a good response and happily the new service initially is being well used.

In no small part this is due to the hard work of the Flintshire County Council transport department who really pulled out all the stops, listened to your concerns and acted positively to get this new service in place.

Please use it, don't loose it as this chance will not come again. Cllrs Bob Connah & Ralph Small.
